Reports of the Surgeon General, U.S. Public Health Service

TUESDAY, MARCH 13, 2018

The Surgeon General of the Public Health Service has focused the Nation's attention on important public health issues. Reports of the Surgeon General on the adverse health consequences of smoking triggered nationwide efforts to prevent tobacco use. Reports on nutrition, violence, and HIV/AIDS—to name but a few—have heightened America's awareness of important public health issues and generated major public health initiatives.
